Hair on Hide

Milton Sokol is a world leader in curating and sourcing hair on hide leathers. We stock hundreds of natural and uniquely finished stencil hides. We use only premium hides tanned to insure a consistent hair length and overall high-quality appearance. Hair on hides are meant for beauty but if cared for properly can be long lasting. The hair can be sensitive to removal and dyed ones will change color when exposed to sunlight.

The product information contained on this sheet is intended to provide general information but we encourage you to engage a Milton Sokol representative with questions and concerns. No two hides are the same and variations of color, shade, thickness, and temper will vary from hide to hide and within a hide. Some items manifest fewer variations while others that are less finished can show more. The specifications above are approximate, and should a project or item require specific criteria please consult a Milton Sokol rep.
