Kodiak

A distressed aniline leather finished with a complex formulation of dyes and waxes that make a new leather look weathered. Kodiak has a wax pull up affect and considerable shading differences from hide to hide and within a hide. The leather is tumbled slightly to further age its appearance and give a pebble texture.

Specifications

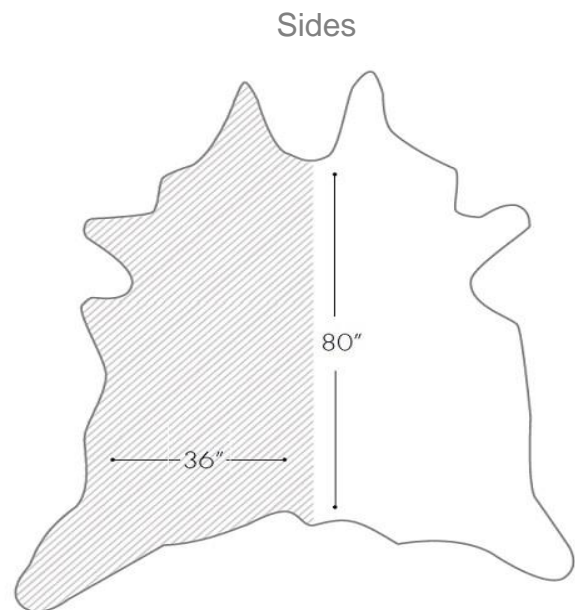

Average Hide Size: 22 Square Feet

Configuration: Half Hide

Hide Source: Brasil

Thickness: 2.0-2.2 mm

Finish: Distressed Aniline

It's Natural

Leather is a natural material and, if properly cared for, will maintain its beauty and usefulness for many years. The product information contained on this sheet is intended to provide general information but we encourage you to engage a Milton Sokol representative with questions and concerns. No two hides are the same and variations of color, shade, thickness, and temper will vary from hide to hide and within a hide. Some items manifest fewer variations while others that are less finished can show more. The specifications above are approximate, and should a project or item require specific criteria please consult a Milton Sokol rep.
