# Oil 10-11 Natural Veg

Tanned using traditional vegetable tanning methods that preserve the hide and transform it into leather using the extract from the barks of trees that contain certain tanning properties. Our Oiled Veg sides are made using the finest Argentine hides and are finished with a light coat of vegetable oil in order to prevent cracking when flexed.

---

---

## It's Natural

Leather is a natural material and, if properly cared for, will maintain its beauty and usefulness for many years. The product information contained on this sheet is intended to provide general information but we encourage you to engage a Milton Sokol representative with questions and concerns. No two hides are the same and variations of color, shade, thickness, and temper will vary from hide to hide and within a hide. Some items manifest fewer variations while others that are less finished can show more. The specifications above are approximate, and should a project or item require specific criteria please consult a Milton Sokol rep.
